LAVERNE SHARP IS
KILLED SUDDENLYSon of Alfred C. Sharp Living Five
Miles North of Here is Victim of
Motorcycle Accident

SUFFERS A FRACTURED SKULL

Dies at Matoon, Ill., When Machine
Skids on Pavement—Body Ar-
rives Here Tonight

LaVerne Sharp, son of Alfred C. Sharp living five miles north of Rushville, was fatally injured yesterday at noon when a motorcycle upon which he was riding in Matoon, Ill., became unmanageable and skidded, throwing the young man head downward on the cement pavement, death resulting within ten minutes.

The news of his death was received by Mr. Sharp late yesterday afternoon, and proved to be quite a shock to the immediate family. It was stated that he sustained a fractured skull, and the accident was witnessed by several people.

The deceased is well known here, having been engaged in farming with his father for a number of years, and this spring went to Matoon, where he was employed in a garage. He was 25 years old, and would have been 26 on the eighth day of August.

He was an ex-service man, but never succeeded in getting abroad. He also was preparing to engage in the garage business at Lewisville, Ind.

The message received by Mr. Sharp said that the accident happened during the noon hour, and the young man took the motorcycle from the garage for a ride, but had not gone over a few yards, when it skidded and threw him to the pavement.

The remains will arrive tonight from Matoon on the 6 o'clock C. I. & W. train, and will be taken to his father's home, 5 miles north of Rushville on the Dunreith pike, where funeral services will be conducted Monday afternoon at two o'clock, with burial in East Hill.

Besides the father he is survived by a step-mother and four brothers, James, of South Dakota, Walter of Canada, Robert of near Raleigh and Alfred who lived at home, and one sister, Mrs. Fred Bell of near Mays.

EVANGELIST POWELL
PREACHES 1ST SERMONTakes His Text From the Lesson
"Lord Teach us to Pray" and
Gives an Illustration

MEETING SUNDAY AFTERNOON

Evangelist G. R. Powell preached his first sermon last evening at the revival meetings being held in the City Park by the United Brethren church. His sermon was greatly appreciated by those present.

Rev. Powell took his text from the lesson "Lord Teach Us to Pray" and illustrated the thought with the story of the man who came to his neighbor asking for help because a friend of his had come asking aid and he had nothing to give him. He declared that that was the condition that most of the professed Christian world was in today. When their neighbors come seeking help, their own lives are so empty they have nothing to give them.

"But we find the needs supplied," declared the speaker, "in the words 'But if ye being evil, know how to give good gifts to the children, how much more willing is your Heavenly Father to give the holy Spirit to them who ask.' He stated that the gift would be the quickening of the world's need today, and that if we are unqualified and unconverted.

Services will be held this evening at 7:30 o'clock, and every week. Mass meetings will be held at 10 o'clock on the first and third of each month.

92 VETERANS IN COUNTY

Eleven Additional Civil War Veter-
ans Are Found Living Here

There are a total of 92 Civil War Veterans living in Rush county according to a completed list that L. B. Downey has just made, having added 11 more to the list as published a few weeks ago, when it was stated that there were 81 veterans living in the county. The eleven additional names, that have been reported to Mr. Downey are Samuel Craig, William M. Wilcox, James Bells, Samuel Rainey, Ben Smith, Daniel Ryan, W. T. Hill, John Anderson, Robert Hill, James Brown and William T. Curry.

IS A PART OF THE
"TIP-TOP" TRAILNorth and South Road Through
Rushville Will Be Marked by
The Hoosier Motor Club

FROM MICHIGAN TO KENTUCKY

Forty Members or \$250 Will be
Needed to Blaze the Trail With
The Proper Signs

The "Tip-Top" trail, extending from Michigan to Kentucky, will pass through this city on the Fort Wayne road, extending south through Greensburg, and the Hoosier Motor Club will begin marking the new trail within a few weeks with the proper signs to direct the tourists from city to city.

In undertaking to stake out a project like this one, the Hoosier Motor Club shoulders the burden of the expense for the sign posts, which are to be erected every few miles, so that the tourists will not lose their way.

A representative of the Hoosier Motor Club was here today and said that it will cost approximately \$250 in marking off the trail through Rush county from the county line near Dunreith to the south end of Rush county to the Decatur county line.

The road through Rushville happens to be the same one, known as the north and south road, designated and accepted by the Indiana State Highway Commission.

In order to raise the \$250 required to designate the highway through this county, steps will be taken next week. It has been pointed out that there is only one automobile owner in Rush county that is a member of the Hoosier Motor Club, and as a matter of fact there should be several hundred.

Next Tuesday a representative of the motor club will be here as the guest of the Rotary club at their weekly luncheon and the matter will then be fully explained.

The representative stated that if forty members are obtained from Rush county, it will pay for the marking of the "Tip-Top" trail, and local motorists and boosters for the project, feel that four or five times that number should be enrolled from this city and county.

The Hoosier Motor Club is the best organization of its kind in the country, and is affiliated with the A. A. A. association, which fact alone should be of mutual advantage for automobile owners.

It was recently advocated that there was a big necessity around Rushville for the marking of the roads and with the taking over of this highway by the Hoosier Motor Club, it will mean that tourists will have no difficulty in finding Rushville, as the signs will be conspicuously and frequently displayed from one end of the county to the other.

PORTLAND MAN ELECTED

Atlantic City, New Jersey, June 26.—Election of Peter Smedley of Portland, Oregon, as president of the international association of cigar clubs, annually assured the selection of Edmund Scotland for the 1921 convention. It was believed today that Smedley would be chosen over J. Anderson, president of the Portland club.

PETITION DRIVE
REPORTS SUCCESSFour Chairman Reported Full Lists
Last Night Which Gives County
Ratio of 1250 Signatures

SOME FEAR HIGHER TAXES

Canvassers Point Out That New
Building Will Add Only Two
Cents on The \$1,000

The American Legion campaign being conducted in this county to secure names on petitions for a Memorial building, is progressing nicely, according to reports received last night when Rush Post 150 held their regular meeting.

The meeting was well attended last night, and much enthusiasm was displayed over the prospects of the canvassing of the county for names, which will be presented to the county board of commissioners at their next meeting.

Four of the chairmen turned in their completed petitions and there were 97 signatures in all, which ratio should give a total of 1250 signatures in the county as there were 52 districts outlined by Dr. P. H. Chadwick, manager of the county campaign.

Several of the chairmen were about ready to send their reports in, it was learned last night, and all of the chairmen who had covered any portion of their territory stated that people were gladly signing it.

Many people however, are of the opinion that if a \$100,000 or \$150,000 building is appropriated by the commissioners that the taxes will be increased highly, but it has been figured out that the per capita taxation will amount to less than one fourth of one per cent, or a little over two cents on the thousand dollars.

The Legion will ask that the commissioners build the building on a twenty year bond issue, the same manner in which the Rush County court house was built, and it has been pointed out by canvassers that scarcely no tax payer in Rush county can tell now when they stopped paying on the court house.

In fact, most of the tax payers still believe that they are paying on the court house. The amount that will cost each taxpayer annually during the twenty years will be so small, that no one will even be.

ENTOMOLOGIST WARNS
AGAINST CHINCH BUGSCorn And Wheat May be Infected
With Insects And Effective Means
of Fighting Is Mentioned

ARE BAD NEAR ANDERSON

Indianapolis, Ind., June 26.—Hoosier corn growers are warned that the time is here when war must be declared on chinch bugs now infesting the wheat fields in some parts of the state and which will migrate to the corn unless precautionary measures are taken.

A representative of the division of entomology of the Department of Conservation was called to Greene County last week and found several wheat fields literally alive with the pest. Wheat is in a condition to cut in the next week or ten days and it is then the bugs begin migrating. Once in the young corn they suck the juices from the tender stalks which wither and die as though scorched.

An effective means of fighting the chinch bugs the Department recommends that a barrier of straw soaked in kerosene be built 6 inches wide and 4 inches high around infected zones. The bugs will pass on the straw barrier and can't enter the corn.

Grain growers are also infesting parts of Madison county, near Anderson, according to the state entomologist who has received reports from the local growers.

3 INDICTMENTS

missed For The Term

NO ARRESTS ARE MADE YET

Virgil Miller Files Amended Com-
plaint to His Divorce Action
Against Edna Miller

The grand jury which was in session yesterday, being called for a special meeting to probe certain things in various parts of the county, returned three indictments late yesterday afternoon, and Judge Sparks then dismissed the grand jurors for this term of court.

Just what the indictments were for was not known today, as no arrests were expected to be made until the first of next week.

Twenty-five witnesses from three different places in the county were before the investigators yesterday. The town and neighborhood of Arlington contributed more witnesses than any other place and it was said that certain violations in that place were under investigation.

In circuit court today the case of Julius Doty against Gus Ryce was disposed of with judgment against the defendant. The case was sent here from Decatur county and was a suit for possession of the basement rooms of the DeArmond hotel building in that city.

Sylvester C. Kirkpatrick and John McCoy, executors of the will of Thomas Coyne, in a suit to sell real estate, was given power to sell, after giving the \$36,000 bond. The defendants in the case were Michael Coyne and Sarah H. Walsh.

In the divorce action pending of the case of Marie Noble against Gordon Noble, Judge Sparks ordered the defendant to pay \$3.50 a week for support, during the pendency of the divorce action.

Judge Sparks also ordered Virgil Miller to pay Edna Miller \$3.50 a week allowance during the pendency of the divorce case, which Miller brought against his wife, the evidence for the allowance being heard yesterday in court.

The divorce case was set for trial yesterday and after all witnesses had assembled the plaintiff, Virgil Miller was granted the privilege to amend his complaint.

The amended complaint was filed

NOW IN THE CIRCUIT COURT

William Ryon who broke into print last week after being arrested in Squire Stech's court on several charges, among them being one of practicing medicine without a license, was arrested last night by sheriff Jones, and placed in jail on a bench warrant from the circuit court, alleging similar offense.

Ryon was given a hearing this morning before Judge Sparks and entered a plea of not guilty, and was released from jail after giving \$100 bond.

It is said that several victims of Ryon's have complained recently about the manner in which they were healed, when Ryon pretended to cure their ills by being a "Divine Representative from the Almighty" after being persuaded to pay a few dollars for his services.

The charges in the Squire Stech court were dismissed when it was decided to take the matter up with the circuit court. James W. Kirkpatrick was one of the victims, and since then several others have taken an interest in the case. When placed in jail, Sheriff Ryon inquired of the charges, and was informed from Sheriff Jones that they were trying to determine what Ryon had done with the victims.

DIVORCE UNDER ADVISEMENT

Stout Case is Completed in Decatur
Circuit Court

The divorce case of Bessie Stout against Jesse Stout was taken under advisement yesterday at Greensburg, where the case was sent on a change of venue. The case was tried several days ago, and the arguments were completed yesterday, after which the case was taken under advisement. Both of the parties are well known Rushville people, and the Greensburg newspapers commented on the case as being the most sensational heard in the Decatur court for several years.

M'ADOO FORCES ARE
STILL DETERMINEDSamuel Amidon is Selected as His
Leadership and Avers That
McAdoo is the Nominee.

WILL PRESENT HIS NAME

Bryan Arrives With his "Dry" Plank
and Refuses to Discuss Any
Situation.

(By United Press.)

San Francisco, Calif., June 26.—William G. McAdoo's friends here today announced that they would refuse to abide by his expressed wish that his name be not presented to the Democratic national convention for the presidential nomination.

"McAdoo's name will be presented as are the names of other candidates," Samuel Amidon of Kansas City, who by common consent has assumed the leadership of McAdoo's forces here.

This decision was reached at a conference lasting until early today attended by all leading McAdoo boosters here. Amidon was selected to direct efforts in McAdoo's behalf. Selection of a floor general may be made later.

Amidon said today there would be no formal statement but that McAdoo's friends are confident that he can pull from 30,000 to 50,000 more votes in almost every state than any other candidate, and are going ahead to get him nominated.

Amidon said there would not be any fireworks or noise about McAdoo's campaign. "We won't do any boosting for McAdoo," he said. The candidate don't require it.

San Francisco, June 26.—William Jennings Bryan has arrived with a "dry" plank for the democratic platform. He declined to discuss anything except the "wet" and "dry" issue. He said he wished a "dry" plank and would not be satisfied with a decision not to mention the prohibition question.

"I said three months ago," he declared, "that the 'wets' were beaten and that when they got here they would be declaring for no plank on the subject of prohibition. If the 'wets' had a majority of one vote in this convention they would have a 'wet' plank if it meant the dissolution of the party."

"What about a minority report if you are outvoted in the resolutions committee?" Bryan was asked.

"I will answer no question involving an 'if' he said.

"How about a third term for President Wilson?"

"That involves an 'if'," he said. When Bryan was told that Wilson would be voted for he said he did not desire to discuss the matter. Neither would he talk about the league of nations, the Irish plank or any candidacy, including his own.

LABOR PARTY MEETS

(By United Press.)

St. Paul, Minn., June 26.—Members of the new organized labor party were here today to select their nominees for state and congressional races. William Mitchell, a trade unionist, was one of the names mentioned prominently for the congressional honor.

The Mass. Ruth Higgins, Lucile Gentry and Edna Bennett were visitors in Indianapolis and St. Paul, Minn., today.

Thousands of Visitors at
Legion's First Convention

WILL BEGIN TOMORROW

10,000 Visitors Expected During
Three-Day Session—Contests
For Officers Arise

Vincennes, Ind., June 26.—With flags flying from hundreds of residences, the streets, down town and public buildings handsomely decorated and everything in readiness Vincennes awaits the coming of the first convention of the American Legion of Indiana which is to be held in this city beginning tomorrow and ending Tuesday night.

Every public building has been thrown open and every citizen of Vincennes has been made a member of the reception committee, which will devote its entire time to caring for the 7,000 visitors who are expected from all parts of Indiana. Business will practically be suspended during the convention in order that local as well as visiting people may participate in the \$25,000 worth of entertainment that will be offered.

The program opens Monday but the entertainment will start Sunday with community singing and concerts by the U. S. S. Pennsylvania band of 100 pieces which will hold a reunion during the convention and which is composed of musicians from all parts of the United States. Monday afternoon will witness the military parade in which a 102-gun band and probably 5,000 legion men will participate, while on Tuesday a big boxing carnival, with some of the country's most noted boxers will be a feature.

A baseball tournament, tennis tournament and many other athletic events are scheduled for the three days. Special entertainment is to be offered the ladies this to include card parties, boat excursions and drives to the many historic and beauty spots in and about the city. Arrangements have been made to care for 10,000 visitors.

The contests for some of the offices have already aroused much interest among the Legion posts, and it is expected that every office will be opposed with a big amount of friendly opposition.

Greatest interest centers in the race for Indiana department commander, in which race Col. Gignil.

HOUSING CONDITIONS
TOPIC FOR DISCUSSIONIndiana Society of Architects Hold
Their Annual Convention in In-
dianapolis Today

ADVOCATE CHANGE OF LAW

Indianapolis, June 26.—Housing conditions in Indiana was the main topic for discussion at the annual convention of the Indiana Society of Architects here today. Among the other subjects were "The License Law" and "A Style Building Code." A change in the law that would enable public officials to employ an architect as an advisor when contemplating public building projects was advocated. The architect would act merely in an advisory capacity, according to the plan.

The convention which was originally set for June 22 was postponed until today owing to the communications received from some of the other cities that they would be unable to be present at that date.

The list of elected officers included: President, H. M. Grier, Gmerville, Ky.; Vice President, C. W. Mahan, Fort Wayne; Secretary, J. W. Grier, Indianapolis; Treasurer, J. W. Grier, Indianapolis; and W. G. Grier, Indianapolis.

Underwood of Alabama's chronic smile has won him senate-wide reputation as that chamber's "smiling member." As a matter of fact he is not the most toothy senator in Washington, even if his appearance does indicate it. He is 58 years old. Seen today in the gallery during a session of the senate he is a reminder of the remarkable fitness of Senator Underwood of the Southern district and his ever-present smile, especially when he is engaged in a debate with political opponents.

Deaf W. Underwood is a product of the South he represents at Washington. He was born at Louisville, Ky., in 1862, and after attending the University of Virginia, Charlottesville, he moved to Birmingham, Ala., married and began a career of law.

Underwood's early education was obtained at Rugby, High School, Louisville, Ky. When he had finished his university education, he moved to Birmingham, and there, with Miss Eugenia Massie, whom he had met and married in Charlottesville, he settled down. Underwood was prominent in local and state politics from the beginning of his career as a lawyer, although he held no public office of importance until he was elected to Congress in 1895. He served as chairman of the Democratic executive committee of the Ninth District of Alabama in 1902, and later had served on the committee that framed the present constitution of Alabama.

Underwood successively won his seat in Congress for twenty years, serving in the fifty-fourth to sixty-third Congresses. He gave up his seat in 1915, when he was elected

Homer S. Cummings, chairman of the Democratic national committee, who has been selected for temporary chairman of the Democratic national convention at San Francisco, is recognized as one of the first rank of the party. His experience as a public speaker dates back to his days at Yale when, as a member of a debating team representing the university, he and his colleagues were successful in an annual intercollegiate debating contest with the Harvard team.

Although a graduate of the Yale law school, Cummings has lived forty-five of his fifty years in New England, his parents moving to Connecticut when he was but one year old.

Cummings obtained his preparatory education in Buffalo, N. Y., then entering Yale university, from which he was graduated in 1891 with a bachelor's degree in philosophy. He won the degree of LL. B. from Yale university Law School in 1893, and in the same year was admitted to the bar and began the practice of law at Stamford.

Although fond of athletics when a youth, Cummings was prevented from engaging in athletic activities by reason of an illness, and devoted his time, aside from his academic studies, largely to a study of his country's political history, especially in studying issues as presented from time to time by the dominant political parties. It was this study, he now asserts, that caused him to align himself with the Democratic party after he had cast his first ballot as a Republican, the party to which his father belonged. From 1896, when Cummings identified himself with the Democratic party, he has continued steadfast in the faith of the party of Jefferson.

Twice his party's candidate for United States senator from Connecticut, Cummings received, in 1910, before nominations were made by direct vote of the people, the vote of every member of his party in the general assembly of Connecticut, and in 1916, when he was again put forward as a candidate he received the highest vote of any one on his party's ticket.

Within his party he has received many honors. He was delegate at large to the national conventions of 1900 and 1904, and by successive appointments has been a member of the national committee since 1900. He was its chairman of the speaker's bureau during the campaigns of 1903, 1912 and 1916, has been a member of the executive committee since 1913, in which year he was also made vice chairman of the national committee, and in February, 1919, was chosen chairman.

United States senator. During the sessions of the sixty-third Congress, Underwood was chairman of the Ways and Means committee.

Mrs. Underwood died January 31, 1900. The senator was married to Miss Betina Woodward of Birmingham September 10, 1903.

Underwood came into national prominence when he fathered the Underwood tariff act, which was passed by Congress at the beginning of the William Howard Taft administration. Cummings was a member of the House of Representatives from 1903 to 1908, and was chairman of the committee on the tariff during that period. He was also a member of the Senate Finance Committee from 1908 to 1912, and was chairman of that committee from 1912 to 1915.

Railroad Workers Will Quit at Ten Unless Ordered Not To

TO. P. Staff Correspondent.

Washington, June 26.—Railroad workers met secretly here today and decided to quit work at 10:00 o'clock tonight unless ordered to call off their walk-out by higher officials of the railroad unions according to men who attended the meeting.

Reports were again circulated here today that a general nation wide walk out at 12 o'clock tonight unless railroad labor board gave definite promises as to wage awards. Brotherhood officials, who were here were silent as to the strike reports.

Amusements

Feature at the Princess

Nazimova will be featured Monday and Tuesday at the Princess in her latest success, "The Brat", which is said to be the best production that Metro has ever released this star in, and will be shown for the two days in order to accommodate the crowds.

The Brat, a child in years, loses her "job" in the chorus on account of her shabby appearance. As she is leaving the theatre her unusual beauty attracts Stephen Forrester, a dissolute young spendthrift, and he offers her new clothes—for a consideration. This she scornfully refuses.

On her way home she stops before a lunch-room, but her purse is empty. Stephen, who has followed her, again offers her money and upon her refusal becomes insulting. She slaps his face; a crowd gathers and she is arrested and taken to the Night Court.

MacMillan Forrester, a successful author, has dropped into the court in search of local color. He sees the Brat and realizes she is the type he is looking for and proposes to the Judge, who is a friend of his, that he be allowed to take her home—promising that she will be well cared for by his mother.

The final outcome of the picture is decidedly clever and interesting.

Facilities and Friendliness

--Good Service

The problem of real service to our customers as we viewed it was only half solved when we provided the most convenient banking facilities in the way of a most convenient location in the very center of the city, with separate departments to include every phase of banking.

Realizing facilities represent only the physical side of good service, we added, therefore, the all important psychological side, consisting of exhibiting in our transactions a spirit of true cordiality and willingness.

today in which he alleges that his wife, who was formerly Edna Hardin, daughter of J. B. Hardin, of near Arlington was guilty of several things of which mention cannot be made.

One of his allegations are that she told him that she was intimate with another man. He also asserts in the amended complaint that when their baby was born, she said that she despised it because it looked like her husband.

Madagascar Gold.

A curiosity preserved at the Philadelphia mint is a small consignment of gold from Madagascar, which is of an extraordinary brightness. It was mined, smelted and put up for shipment by natives, who, for a receptacle, took a piece of bamboo six inches long and two inches in diameter, polishing the outside to give it a smooth finish. Then they put a wooden stick in one end, and pushed the gold into the other end and worked it into the hollow.

Mother's Cook Book

The test of worth is not the hold you have of earth. Lo, there be gentlest souls, not blown. That know not any harbor known; And it may be the reason is They touch on fairer shores than this. —Joachim Miller.

Salads New and Old.

During the summer fruit salads of various kinds should be freely used, especially for the picnic lunch. There is such a variety of fruits that one need not repeat.

Tutti Frutti Salad.

Take one quarter of a pound of figs, cut in small pieces, the same amount of stoned and quartered dates, one-half cupful of canned strawberries, the same of canned pineapple, the juice of one-half lemon, two tablespoonfuls of sugar and one-half cupful of orange juice. Serve as dessert.

Italian Salad.

Take four sardines, three large potatoes, three hard-cooked eggs, half a cupful of cooked lima beans. Slice the potatoes, skin and bone the sardines and break into bits, then mix with the potatoes. Put the yolks of two of the eggs into a bowl, add a pinch of mustard, salt and oil enough to make a smooth cream, add one-third as much vinegar as oil. Pour this dressing over the salad and add the shredded whites. Garnish with the whole egg cut in pieces and a few stoned olives. Serve well chilled.

Royal Soup.

This is another fireless cooker recipe. Put a cut-up fowl in a cooker kettle, full of cold water, boil ten minutes, then pack in a cooker for six hours or overnight. Remove the chicken and to the stock add one dozen small onions, two diced carrots, one turnip also diced, one cupful of peas, two bay leaves, salt and pepper. Reheat the radiator, bring soup to a boil and repack. Do not strain, but serve with grated cheese and buttered toast. The chicken meat may be used for various dishes later.

Squabs en Casserole.

Saute six squabs in two tablespoonfuls of butter without browning, then cover with broth, add a sprig of parsley, a bay leaf, and cook until nearly tender; then add a dozen and a half of button onions which have been par-boiled, two dozen potato balls and two half-inch cubes of fried bacon. When ready to serve, remove the parsley and stir in the yolks of three eggs well beaten and added to half of a cupful of cream; add a tablespoonful of butter or bacon fat. Do not boil after the eggs are added. Serve from the casserole.

One of the nicest ways to serve squabs is boned and stuffed, then roasted. It is not a difficult process to bone a few birds. The small leg bones are left at the end for a more shapely appearance. They may be broiled without stuffing if preferred, adding a bit of celery or a piece of onion to season the inside of the bird.

Her Nice Neighborhood.

Bernice, aged six years, had just started to school and was in the first grade. She also was very proud because of her progress. I recently visited her home and asked her mother if I could take her for a stroll in the park. While walking along a little boy about her size passed us at the same time, giving Bernice a friendly smile, who returned it, saying to me, "Aunt Jane, don't you think he's a nice neighborhood?" aware of the fact that such a project is being paid for, is another manner in which the canvassers tell the person approached who holds out because of the fear that taxes will be raised.

Another subject came before the meeting last night in the discussion of the Memorial building, when it was shown in the members that the tax payers of the county did not object to the awarding of a \$300,000

road issue, and that surely a public Memorial would not be objected to by the people of the county.

The \$300,000 road issue has been abandoned, which is another thing in favor of the Memorial project, according to the members, who figure that if the money is to be spent that it can just as readily be expended for the new building.

The positions that are out should be returned as quickly as possible as the commissioners will meet Jan. 6, and the local post would like to have them ready for presentation at that time.

A Laundry Service Within Every Woman's Means

It is here for you in this Family Service we offer.
What is most disagreeable on washday? Isn't it the muddiness of wash water; the steam of boilers and tubs, the lifting and hauling?
'And it's of that we relieve you—at a cost truly moderate.
We take your family bundle, wash it sweetly clean in soothingly soft waters and billowy, glistening suds; and rinse it many times in more water sparklingly pure.
Next we daintily iron the flat pieces; the things like bath towels we dry softly and fluffily—they need no ironing; the other pieces that require it we starch and make ready for you to iron in your home.
In a word, we do all the toilsome, mussy work of washday, and leave for you only the milder, pleasanter task of ironing the lighter pieces.
It's truly economical service within the means of every woman—we're sure you'll like it immensely.
Telephone, we'll welcome an opportunity to tell you more about it.

Much to Celebrate

In 1776 the hardy pioneers of the colonies fought as one to throw off the galling yoke of the British king. They succeeded and a new nation was born.

In 1861 this nation, grown to large proportions and unable to reconcile its sectional differences, entered upon the greatest civil war of history—father against son, brother against brother, neighbor against neighbor.

In 1917 this same country, by then the greatest of earth, crossed the seas in its might and ended the most devastating war the world has ever known.

This time it was father and son, brother and brother, neighbor and neighbor—no section, no creed—just an outpouring of love for a nation by the people of all parts of that nation.

Lesser wars we have had, but all have been fought in honor and justice, and have exerted their influence in perpetuating the glorious independence won in the outpouring of the blood of 1776. All have demonstrated that as Americans we fight not for conquest or for the love of fighting, but only in defense of right, justice, humanity and our national independence.

On July 4 we will celebrate the glories of our past. They are worthy of the homage we render.

But on the other days of the year let us not forget. Let us strive to perpetuate that glory, to enhance our splendors, and to stimulate our humanity to the point where all historians will record us as a people who are equal to all emergencies but above the petty jealousies that create them—a nation so mighty as to bring death with every sweep of its arm, but with a mind and heart so gentle that none may have reason to fear encroachments upon their rights.

We have much to celebrate on Independence Day.

It is the spirit which has lived since the days of '76.

A London writer says hens can be cured of the habit of eating eggs by flogging the tip of the beak gently until near the quick. This makes the beak for a time too tender for breaking the shell, and the habit is lost. But in America we have an even simpler and much better method. We eat the hen.

hat of Culver and William Betz of Vincennes are avowed rivals, with a number of possible entries from other directions. Col. Gignilliat has opened headquarters here, as has Mr. Betz.

The office of Adjutant, with its \$250 monthly pay attached, is attracting some notice, and among those who are seeking the place are the incumbent, L. Russel Newgent of Indianapolis, and Morris Levy of Evansville. In the last day or two reports have come indicating that the adjutantcy will have a big field of aspirants by the time the issue is put before the delegates.

While C. A. Switzer, of Seymour has had no opposition in his race for treasurer, it is said there will be other entries in that race. The places to be filled on the executive committee of the department will be sought eagerly by many aspiring leaders, and the delegations here to advance the interests of various candidates will make the meeting one of the liveliest ever seen in In-

diana. The selection of Indiana's delegates to the American Legion National convention also will be one of the convention's enlightening sessions, and the question whether the Department Headquarters' office expenses of the national delegates will be discussed and settled.

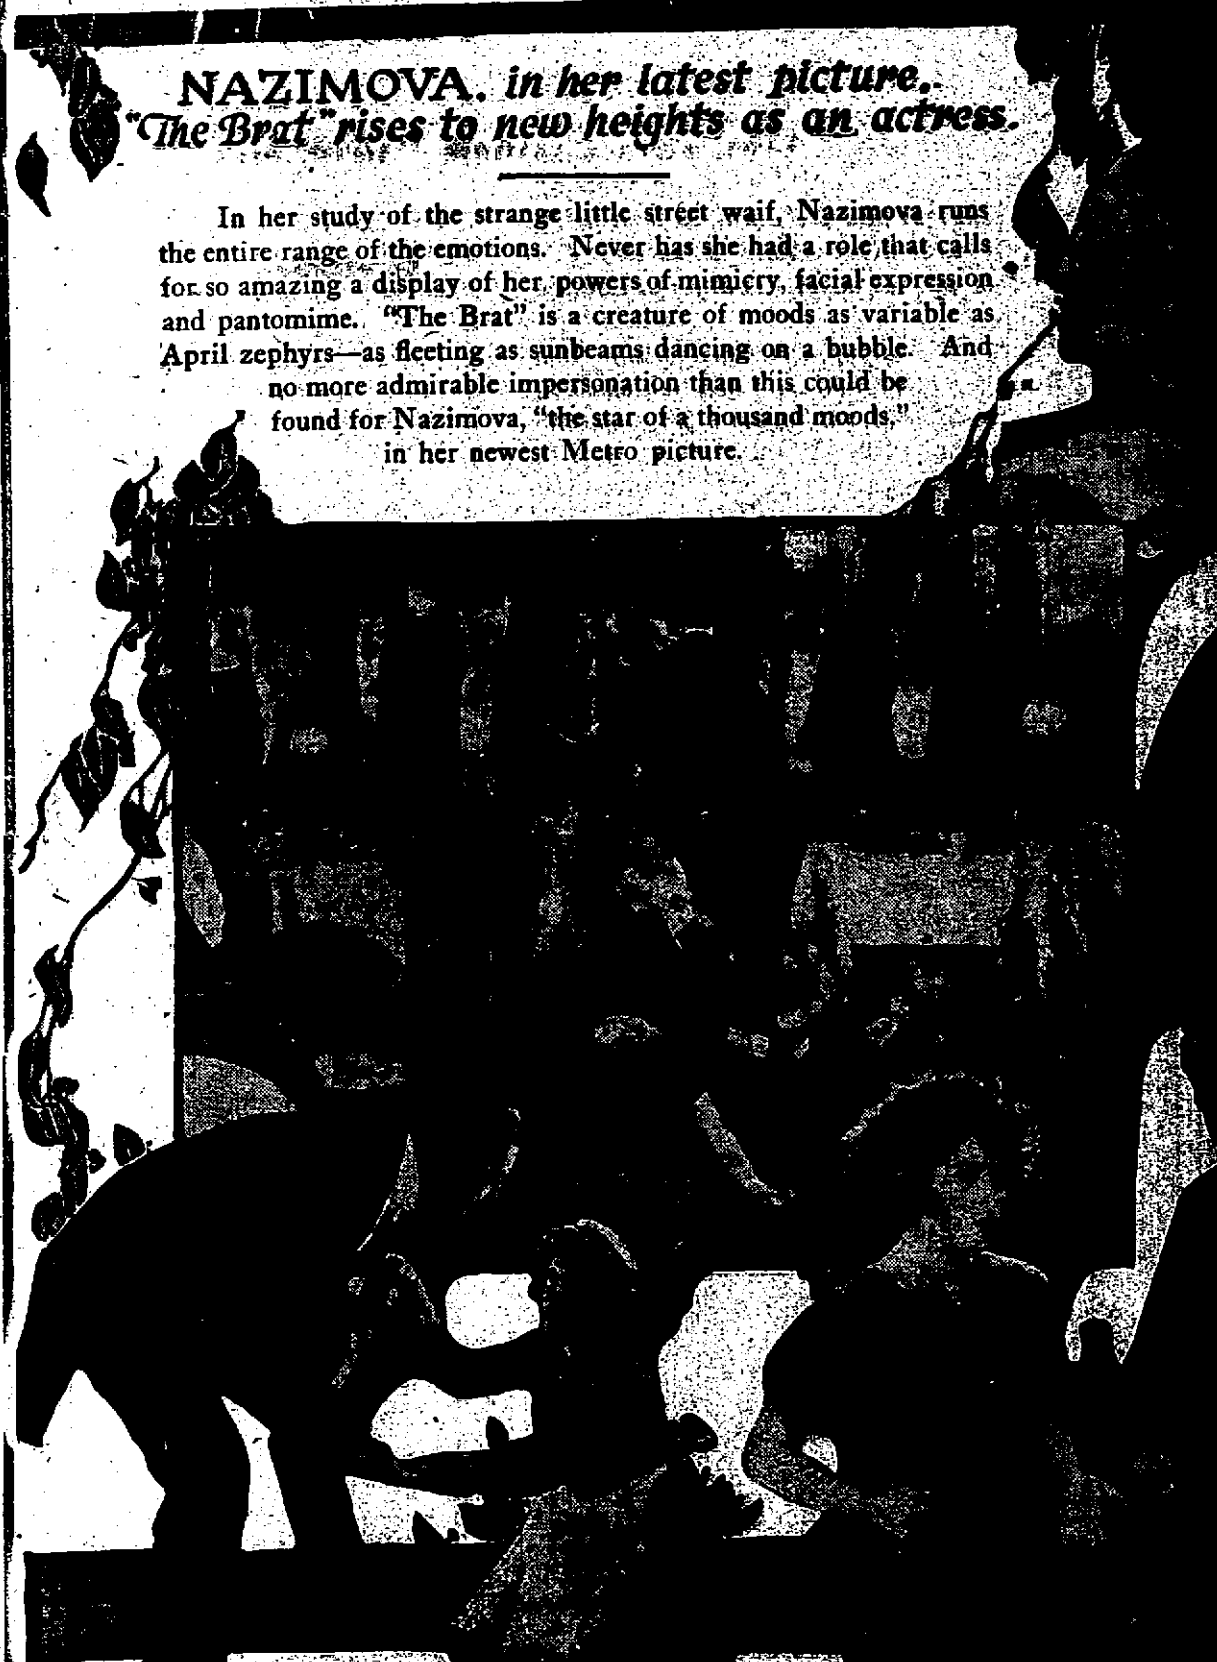

A recent development indicates that there will be a most important and interesting movement in the convention demanding a revision of interpretation of the by-laws and decided changes in the conduct and attitude toward local posts of the Department Headquarters' office. Those in charge of the convention here have experienced difficulty in getting necessary things done in advance of the meeting because of "red tape" supplied by the existing by-laws and by the headquarters interpretation of the rules. These difficulties will be thrashed out on the convention floor; and from all over the State there will be delegations directly concerned in this important discussion.

One of the big issues to be handled by the convention is the compensation pay legislation pending before

"The Brat" rises to new heights as an actress.

In her study of the strange little street waif, Nazimova runs the entire range of the emotions. Another vital State issue of significance and importance will be the matter of an Indiana Memorial to be provided and erected at Indianapolis. In general, the plan is to obtain a \$10,000,000 State appropriation for this project.

Merit

By GEORGE MATTHEW ADAMS

MERIT does find its true reward. In the final summing up, people pass for what they actually are. The gauge of Merit works straight and sound. Luck and Chance are the mere teasers of Fate.

Merit nothing beneath you. Do more than is expected of you. Do each task better than people think you can. Believe all things are possible with you, and you cannot fail to Merit big. It is better to aim for Perfection and miss it, than to aim at Imperfection and hit it.

Be not troubled over the accidents of Destiny. The rule of Merit will safely guide you into the wide way of Winning. True Merit is the rule and not exception. Thousands of pages of History illustrate this truth. Merit nothing beneath you.

Whatever you Merit and are worthy to receive, you will get. Concentrate your thoughts in elevating your aims and ideals, for these are they that lead you on and up.

Committee For Olympic Games is Working Hard So That Portugal Will be Well Represented

TEAM IS NOW TRAINING

Lisbon, June 10. (By Mail).—The Portuguese committee for the Olympic games is working hard so that this country will be well represented at Antwerp.

Among others, the shooting team is enthusiastically training. On account of the severe control which is made, it is certain that the team selected out of all the candidates will be constituted by the most excellent men Portugal now has.

There will be six tests before the final selection. After the first test, there will be twenty shooters taken in, this number being reduced after each of the other five tests, to keep seven who will form the team.

In the provinces, the shooters are training hard, too, and some results already known are satisfactory. It is very likely that the team for Antwerp will include men of Lisbon and Mafra.

The various tests are for rifle and pistol shooting. It seems that the men chosen for rifle shooting will also be taken for pistol shooting, judging from the results obtained so far.

The committee has just announced the selecting tests will begin early in July, the shooters having to leave Lisbon in sufficient time to be able, at Antwerp, to train a little on the spot and get used to the life there, also to take the necessary rest before the competitions begin. The committee points out that such a sacrifice as sending men to Antwerp would not be of any use if they were not in best shape to show what they really can do. Therefore, the arms and materials will perhaps be sent to Antwerp beforehand, or the shooters will take them along themselves, to avoid any loss or confusion.

THE REASONS

One time I met a chap who said I'd fail, since then I've camped along ambition's trail
With clenching fists and grating teeth,
to show
That chump there were some things he did not know.

A lot of times, too, I met kindly folk
Who said—and made me think they did—
no joke—
That I was destined for a better place
Than then I held in life's uncertain race.

For their dear sakes who thus believed in me
I am compelled by gratitude to be
All that I might have been upon this earth
Had fortune smiled her sweetest at my birth.

Now those two reasons, and some more
That I
Can't now recall explain succinctly why
I do the best I can to make success
Of my small part in this great mundane mess.

Red Hair.

Some people admire red hair, and others have it.

Red-headed people are better looking than other people, if they are.

Some are ugly as mud fences.

The horse dealer calls red-headed people sorrel.

The cattle men call them Devons or Durhams.

The hog-men call them Durocs.

Ornithologists call them woodpeckers.

The dog men call them Irish setters. The poultry men call them Rhode Island reds.

The artists call them Titians.

And there you are.

But all the time there are a few people around town, including the possessor of the pink foliage, who know they are plain red-heads.

We once knew a girl who was so red-headed that the underwriters raised the insurance rate on her father's frame dwelling.

We also knew a young man who couldn't use anything but asbestos pillow-cases.

And once when he tried to take an egg-shampoo the odor of scorching omelette was almost unbearable.

This boy finally got a job in a large city, standing in a gas-ditch in a busy street at night and letting his head stick out.

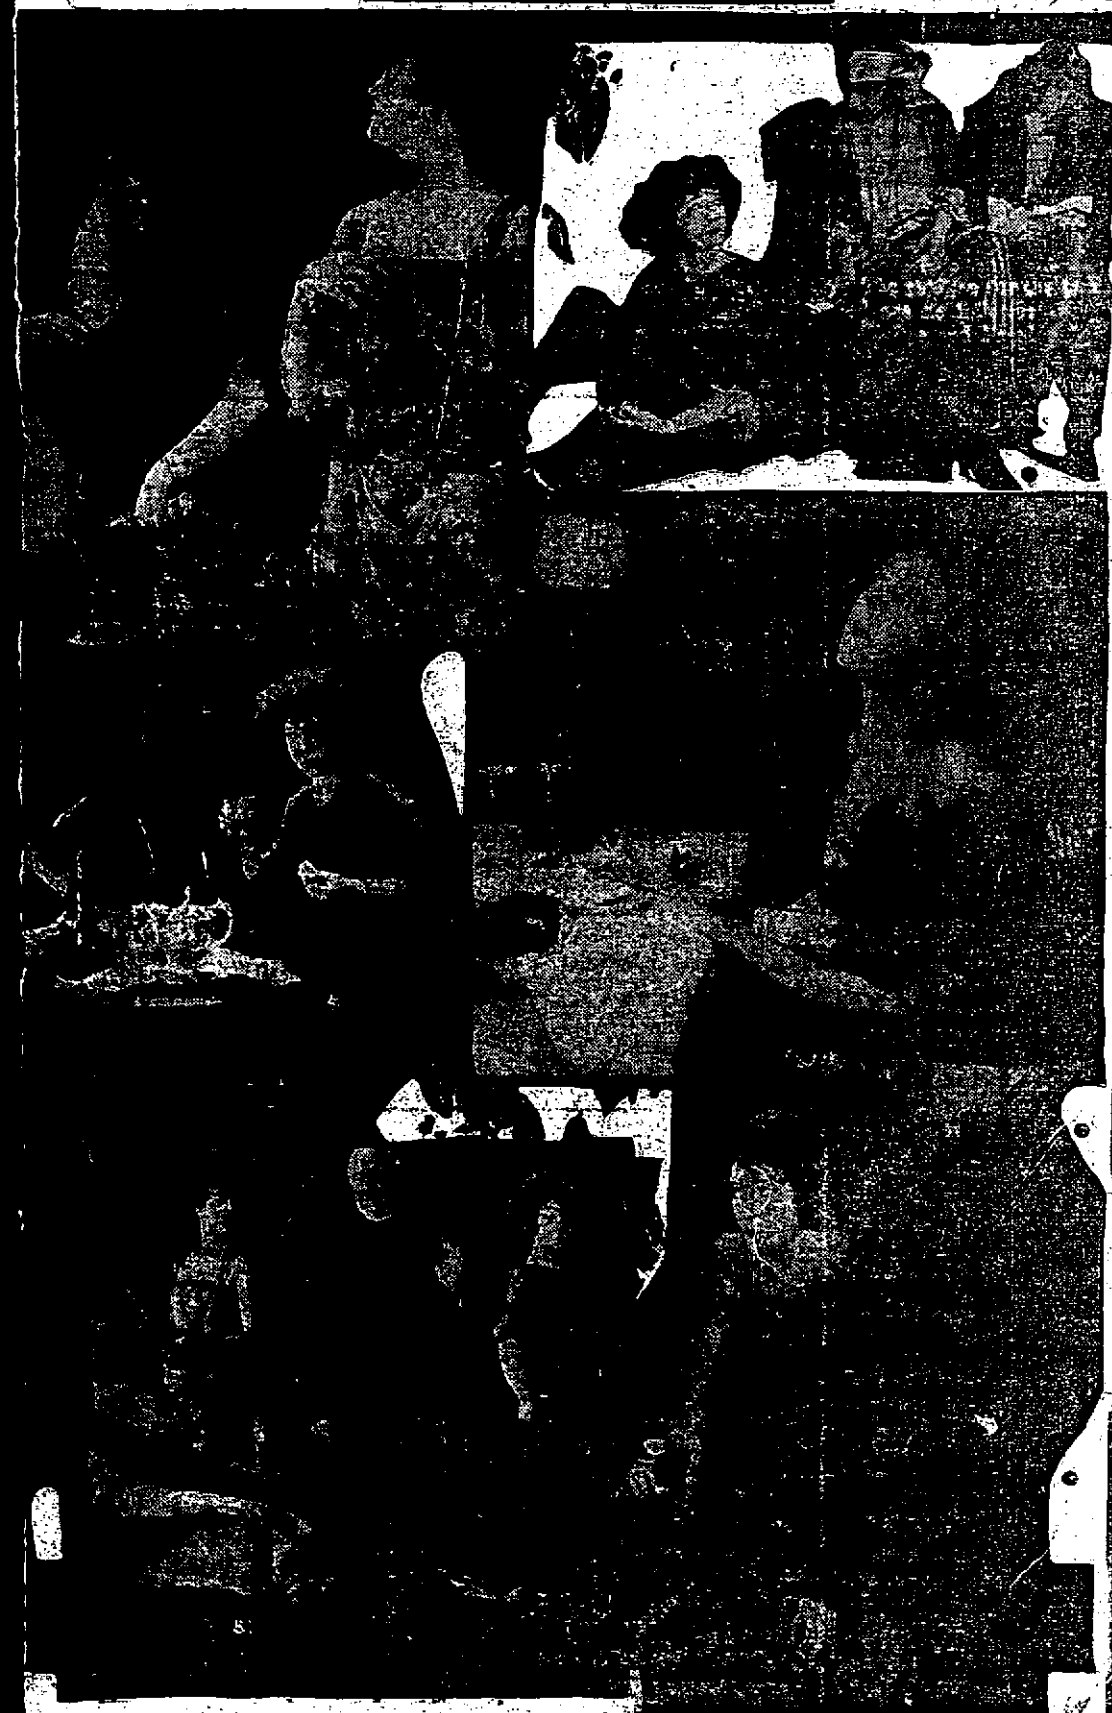

Red-headed people are supposed to be quicker-tempered than other folks.

Our observation is that this is absolutely true, except for brown-haired or black-haired, white-haired or bald or tow-headed people.

We do not know why red hair is a joke.

But it is.

Otherwise we should never have written this and you wouldn't have read it.

WEARERS OF VICTORIA CROSS VISIT KING

Nearly Three Hundred of These "Super Heroes" Accept King's Invitation to Buckingham

GIVEN AS GARDEN PARTY

(By United Press)

London, June 26.—One of the most remarkable gatherings of a nation's heroes the world has ever seen was witnessed today when King George gave a garden party to wearers of the Victoria Cross, the little bronze Maltese cross simply inscribed "For Valor," which recognized the world over as Britain's highest badge of supreme personal courage and self-sacrifice.

Every wearer of the Victoria Cross is honored "super hero" and no amount of wealth, influence or even distinguished service other

than a superlative act of personal valor in battle can procure it. King George doesn't wear it himself nor is it distributed to foreign rulers or high military visitors whose good-will is sought. Field Marshal Earl Haig and Admiral of the Fleet Earl Beatty, Britain's highest naval and military commanders and national idols, cannot wear the coveted decoration, but today's gathering included members of privates, non-commissioned officers and junior commissioned officers.

Nearly three hundred of these super heroes accepted the king's invitation to Buckingham Palace, and the defenders of Thermopylae and other ancient giants might have gasped at the deeds accomplished by some of these humble and comparatively unknown present-day fighters.

Wearers of the Victoria Cross were seen at all levels of the time of the brave doers, but they were not worn by all classes of people.

Members of the Grand Club will entertain this evening at the home of Mrs. George Aultman in st First street. The only out-of-town guest will be Mrs. D. C. C. of Fort Smith, Ark., who is bringing her parents Mr. and Mrs. C. Sexton.

Mrs. Elmer Caldwell was hostess to twelve members of the Tarry-Auld club yesterday afternoon at home in North Morgan street. Mrs. Aaron Wellman being the only guest. The afternoon was enjoyed in contests and social entertainment during which dainty refreshments were served.

Mrs. Anna Hawk delightfully entertained the members of the Rainy Club Thursday with a high noon dinner party at her home in Argos, honoring Mrs. Goldie Downey's birthday. Summer flowers adorned the center of the table and vases were laid for Mrs. John Olson, Mrs. Ernest Alexander, Mrs. Robert Jordan, Mrs. Florence Potts, Mrs. Bertha Leisure, Mrs. Anna Havens, Mrs. Mary Dearger, Mrs. Frank Downey and Mrs. Ed Catt.

Mr. and Mrs. Glen Foster of this city have received an announcement of the marriage of the former's other, Russel Foster of Greensburg, to Miss Mildred Crist also of Greensburg, which occurred Thursday afternoon in that city. The bride-groom is known here having several relatives living in this county.

Miss Margaret Gronier and Wilbur Kendall, both residents of Greensburg, were united in marriage Thursday evening at the home of Miss Throp and Miss Jennie Throp in Greensburg, by the Rev. Walter Reynolds, the impressive double ceremony being used. The attendants of the bride were Miss Corine Gronier, sister of the bride, of this city, who acted as maid of honor and Little Miss Carol Christian, who was the ring bearer. The bride looked lovely in a gown of white lace cloth and imported tulle. Miss Gronier wore white embroidered net over pink and little Miss Christian was dressed in an imported Swiss dress.

Following the ceremony a reception was held during which elaborate refreshments were served. Only immediate relatives and friends of the bride and groom were the guests which numbered about seventy.

Among the guests were the Misses Elizabeth and Florine Gronier, Viola Jay and William Jay, all of this city.

Miss Zula Jackson and Dr. W. W. Barker whose engagement was announced recently, were guests of honor Thursday evening at a two course, seven o'clock dinner at the beautiful residence of Charles Radcliff in Connersville, the Misses Lela and Lula Radcliff being the hostesses.

The color scheme of pink and white predominated throughout the home. Pink rambler roses decorated the dining room. A large basket of amber roses tied with a large pink bow, formed the centerpiece for the table and the bride elect's chair was marked with a large pink bow. Place cards marked the places for the following guests, Miss Jackson and Mr. Barker, the honored guests, the Misses Hermoine Hughes, Flossie Jackson, Fred Boles, Fritz Radcliff, Hassel and Guy Sweet. Favors of tiny hearts containing the pictures of Miss Jackson and Mr. Barker were given each guest.

Following the dinner party the guests were entertained at a theater party at the Lyric theatre in Connersville. Miss Hughes and Fritz Radcliff being the host and hostess.

A TALK ON HAIR

MOST hair troubles begin with dandruff. Now, dandruff is a germ, just like any other disease germ, and, like them, it is catching. If two use the same brush and one has dandruff, the other one will catch it. A thorough shampoo with coconut oil soap, following the drying of a whole egg on the scalp, will take away all dandruff for the time, and eventually, cure it for good. This may take anywhere from two months to two years depending upon the health of the hair.

Good Hair Can Be the Possession of Every Woman.

Most people need a hair tonic. Dry hair shows the scalp is not producing enough nourishing oil; oily hair shows an over production, the effort of the scalp to overcome dandruff and other troubles. Tonics containing much alcohol are usually to be avoided, for alcohol dries and often makes the hair gray.

False hair and pads are to be avoided; they heat and irritate the scalp. The ends of the hair should be singed or cut once a month to prevent split ends. Poor hair should have a tonic massaged in every night, good hair once a week.

NO DECLINE UNTIL CURRENCY DECREASES

High Cost of Living Will go Even Higher Until There is an Increase in Production

EXPORTS CAUSE AN INCREASE

(By United Press.) Washington, June 26.—There is little prospect of a decline in food and clothing prices this year and increased exports may cause an advance, Ray Meeker, commissioner of labor statistics, said today.

There can be no decline in prices until there is a decrease in currency in circulation or an increase in the goods exchanged or currency is declared.

Currency is being deflated slowly with the paying off of debts but this would not effect the prices this year. There is no possibility of an increase in the quantity of goods needed since the quantity purchased is about the same and the general price level is about the same. The food and clothing prices will be below normal this year.

As much as the food and clothing prices about 10 percent of the cost of living is made up of the cost of the goods themselves. If the cost of the goods themselves is reduced, the cost of living will be reduced.

TO DISCUSS FUTURE OF RIOT SITUATION IS OUT-LAW RAILROADERS NOW BEING SUPRESSED

Railroad Brotherhoods Will Meet Monday to Consider Demands Made For Higher Wages

ARE STRIKING IN THE EAST

(By United Press.) Chicago, Ill., June 26.—The future of the "outlaw" organizations of the railroad workers may be determined Monday when officials of the railway brotherhoods meet here. J. S. Anderson, vice-president of the international association of railway machinists, was author of the statement that the "outlaws" would be among the principal topics Monday.

Anderson said the fact that the wage increases had been slow in coming and that unusual patience had been shown by railroaders in general would be taken into consideration.

Anderson said he understood railroad men in the East voted to strike tonight. It is understood men were out in Baltimore, Philadelphia and would be joined by others tonight.

Londonderry is Called But Feeling Still Exists Between Orangemen and Sinn Feiners

ANOTHER MAN IS MURDERED

Dublin, Ireland, June 26.—Although the situation at Londonderry has calmed today as the result of activities of the British troops, the feeling between Orangemen and Sinn Feiners is stronger.

Reports were received of rioting in several Irish districts today. What appeared to be a concerted attack on Sinn Feiners occurred at Banfy when a man was murdered by a crowd of masked men.

The shooting precipitated a general fight and resulted in many being wounded. Several shops and houses were burned. An unsuccessful attempt was made to destroy a quantity of military stores.

Armed bandits boarded the train from Belfast to Dublin and seized official mail. An effort was made to resume normal business activities at Londonderry today, but citizens would not venture into the streets.

Two Local Boys are Prisoners In The Orient

U. S. Government Will Not Take a Hand in Liberating The Prisoners But That Part is Left to "Katcha-Koo" Which Will be Given Here Next Week

Harry Bradstone and Dick Horton two American who are known in every day life as Denning Havens and John K. Tompkins are in a serious plight in India, having been captured by the Maharajah of Bhopal, who threatens to poison them.

However the United States government will not interfere as it is a part of the musical comedy, "Katcha-Koo" which will be presented at the Graham Annex auditorium next Thursday and Friday nights.

Rehearsals are being held nightly in preparation for the home talent show, that is to be given under the auspices of the Tri Kappas and the Psi Iota Xi sororities for the benefit of the Board of Children's Guardians.

Tickets have been sold which must be exchanged after Wednesday

morning for reserved seats. It is declared that every seat will be sold one before the show is even and the seats will be sold at a profit. The show will be given at the Graham Annex auditorium next Thursday and Friday nights.

Over 250 people, including small tots and old timers, are in the cast and it promises to excel any former home talent production.

FIRST OLYMPIC WEEDING BEGINS

Eastern District Comprising Atlantic Coast Will Enter The Major Lump of The American Team

CORNELL ENTERS HURDLES

Individual Honors Expected to Lie Between Pennsylvania University and N. Y. Athletic Club

By HENRY L. PARRELL
(U. P. Staff Correspondent.)
Philadelphia, June 26.—Eastern aspirants for the American Olympic team will undergo the first official weeding-out process tomorrow on Franklin Field.

The eastern district, comprising the Atlantic coast from Maine to the Carolinas and as far west as Pittsburgh, will enter what is expected will be the major lump of the American team.

Individual honors for greatest representation is expected to lie between the University of Pennsylvania and the New York Athletic club.

Penn., the inter-collegiate champion, will strive to land on the team Earl Eby, quarter and half-miler, champion of the inter-district meet, the Penn relays and the inter-collegiate meet; Harold Lever, a freshman ten-second sprinter; Box Maxam, a 220 and 440-yard runner; Larry Brown, a Pacific Coast miler; Sherman Landers, inter-collegiate champion broad jumper, and pole vaulter and a hen-step-and-jump star; Hampton, a high jumper, and Johnny Barrels, an all-around star.

The New York A. C. will enter Alva Mayer and Lorin Murphison in the sprints; Ivan Dresser in the distance; Egon Erickson, indoor champion in the high jump; and the "mad as a hatter," McGrath, Ryan and McDonald, in the weight events.

Cornell will make her biggest bid in the hurdles with Jimmie Watt and Walker Smith, both second in ability only to the great Earl Thompson, the Dartmouth star now in Canada preparing to go over with the Dominion team.

Among the scattering of other performers are the milers, Larry Shields, Penn state, Mike DeLong, New York A. C. Catbill and Connolly Boston A. A. and Bob Crawford, Lafayette.

In the three-mile there will be George Nightingale, New Hampshire, who beat Montague, the English star; Brown, Williams College; and Al Heisler, middle-Atlantic champion.

Earl Eby, Simmons, Syracuse; and McMahon, Massachusetts, will try to place in the 10,000 metres.

The high jump will draw London, Yale's inter-collegiate, Walter Walton, Boston A. A., and Hampton of Penn.

An Everlasting Memorial.

Nature has a great part in this lasting and beautiful memorial, that is to be erected to the local service men in the city of Santa Monica, Cal. It is to be a large open-air theater, and will take the conventional Greek form, with seats arranged in concentric tiers, the orchestral area in the center and pillared stage at the bottom of the slope. As in the conventional theaters of ancient Greece, the site and background will be a beautiful wooded hillside.

The level area in the center will be floored with mosaic stone work. This beautiful tribute to the service men will, no doubt, be the pride of the citizens of this city for many years to come.

Division of Income.

"In my opinion," writes a wife, "there is only one satisfactory arrangement which a young couple can make, and that is to take the weekly income and divide it into separate sums, something on the following lines—rent and taxes, charities and church collections, doctor, dentist, etc., holiday fund and savings, an equal sum for pocket money for each of the young couple, an equal sum for dress for each. My husband and I have been wedded over six years, and have two bonny children, but we always divide our weekly income in this way."—Happily Married.

How We Got Collars.

It is about a hundred years since the collar came into being as a commercial proposition. It has been suggested that the necktie of teeth or claws, or string of beads, with which our early ancestors adorned themselves, was the forerunner of the modern collar.

WEARS UNIFORM BUT NEVER SEEN THE U. S.

Private C. W. F. Childress, Born of American Parents in China, is on Duty in Peking, China

FAMILIAR WITH U. S. CUSTOMS

Peking, China, June 26.—The only U. S. Marine in the world who has never seen the United States is on duty at the American Legation here. He is Private C. W. F. Childress, who was born of American parents in China. When he became of age a few weeks ago he decided to join the Marines and enlisted at the Legation.

Childress is a tall, good looking lad who can speak the Chinese language like a native. His services as an interpreter are especially valuable to the Marines. Through association with his parents' and other American residents of China he is thoroughly familiar with the traditions and customs of the United States. He is looking forward to the day when he will see the country whose flag he serves.

Just Folks

LEMON PIE.

The world is full of gladness,
There are joys of many kinds,
There's a cure for every sadness,
That each troubled mortal finds.
And my little cares grow lighter
And I cease to fret and sigh,
And my eyes with joy grow brighter
When she makes a lemon pie.

When the bronze is on the filling,
That's one mass of shining gold
And its molten joy is spilling
On the plate, my heart grows hold
And the kids and I in chorus
Raise one glad exultant cry
And we cheer the treat before us—
Which is mother's lemon pie.

Then the little troubles vanish,
And the sorrows disappear,
Then we find the grit to banish
All the cares that hovered near.
And we smack our lips in pleasure
O'er a joy no coin can buy,
And we down the golden treasure
Which is known as lemon pie.

Lion Heart as Nerve Tonic.

My lady of Zululand is not whisked off to a seaside resort or a mountain retreat to restore her shattered nerves; she is witch doctored with a prescription containing these ingredients: The heart and eye of a lion; the fat and flesh of an elephant; the hide of a rhinoceros; the second layer of skin of a hippopotamus; these mixed with the barks of many kinds of trees and soaked in the blood of a cow or sheep. This prescription is burned, made into a powder and taken internally. These and many "religious antidotes" of a like nature have been unearthed by the interchurch world movement in its economic, religious and social survey of the world.

BOY IS BORN.

Mr. and Mrs. Lemuel Zumwalt of near Knightstown are the parents of an eight pound baby boy born June 25. The baby has been named Max Eugene. Mrs. Zumwalt was formerly Miss Ruby Willis of Arlington.
